

# Chloé de Canson

✉ c.de-canson@lse.ac.uk • 🌐 www.chloedecanson.com

## Education

---

<b>PhD Philosophy</b> London School of Economics	2016–2020 (exp.)
<b>MPhil Philosophy</b> University of Cambridge, <i>First Class</i>	2015–2016
<b>BSc Philosophy, Logic and Scientific Method</b> London School of Economics, <i>First Class Honours</i>	2012–2015

## Research Interests

---

**Areas of Specialisation:** Philosophy of Probability, Formal Epistemology, Philosophy of Language, Philosophy of Science.

**Areas of Competence:** Metaphysics, Logic, Philosophy of Physics.

## Papers

---

### Work in progress.

7. “The Possibility of Decision-Making Under Indeterminacy”
6. “The Method of Arbitrary Functions”
5. “The Paradox of the Two Envelopes”
4. “Free Will, Determinism, and Theoretical Indeterminacy”
3. “Probability in Everettian Quantum Mechanics”
2. “How Bayesianism Addresses the Problem(s) of Induction”
1. “Formulating New Theories in Bayesian Epistemology”

## Presentations

---

### “The Paradox of the Two Envelopes”

2. 14th Annual London-Berkeley Philosophy Graduate Conference, University of California, Berkeley (US), May 2017<sup>†</sup>
1. Workshop on Philosophy of Language for Decision Theory, London School of Economics (UK), May 2017<sup>‡</sup>

### “The Method of Arbitrary Functions”

3. Conference of the Society for the Metaphysics of Science, Fordham University, New York City (US), October 2017<sup>†</sup>
2. Conference on Reasoning and Argumentation in Science, Center for Advanced Studies, LMU Munich (Germany), May-June 2017<sup>†</sup>
1. Workshop on Determinism, Probability and Agency, London School of Economics (UK), May 2017<sup>‡</sup>

### “How Bayesianism Addresses the Problem(s) of Induction”

2. Ninth European Congress of Analytic Philosophy, LMU Munich (Germany), August 2017<sup>†</sup>
1. Five Years MCMP: Quo Vadis, Mathematical Philosophy?, MCMP, Munich (Germany), June 2016<sup>‡</sup>

### “Probability in Everettian Quantum Mechanics”

4. Third Summer School on Mathematical Philosophy for Female Students, MCMP (Germany), July 2016†
3. Annual Conference of the British Society for the Philosophy of Science, Cardiff (UK), July 2016†
2. Fitzwilliam Graduate Conference, Fitzwilliam College, Cambridge (UK), March 2016
1. Departmental Philosophy Workshop, Department of History and Philosophy of Science, Cambridge (UK), February 2016

#### **“Formulating New Theories in Bayesian Epistemology”**

1. Graduate Workshop in Formal Epistemology, MCMP, Munich (Germany), April 2016†

#### **“Russell on Absolute Idealism, Logical Atomism and the Internal Theory of Relations”**

1. Fitzwilliam Philosophy Society, Fitzwilliam College, Cambridge (UK), February 2016‡

#### **“Dynamic Epistemic Confirmation and the Paradox of the Ravens”**

3. First Summer School on Mathematical Philosophy for Female Students, MCMP (Germany), August 2014†
2. VISU, Institut Wiener Kreis, Universität Wien (Austria), July 2014
1. Second LSE-Bayreuth Conference, Universität Bayreuth (Germany), May 2014†

#### **“The Problem of Old Evidence in Bayesian Confirmation Theory”**

1. Third LSE-Bayreuth Conference, London School of Economics (UK), May 2015†

#### **“The Tautology Objection to the Theory of Evolution”**

1. British Undergraduate Philosophy Conference, University of Southampton (UK), March 2015†

† = peer-reviewed, ‡ = invited

#### **Non-Conference Presentations.**

2. Comments on Hsuan-Chih Lin’s “Propositions and Representation”, London Graduate Philosophy Conference, March 2017.
1. “Putnam and Magritte on Referential Indeterminacy”, LSE Philosophy Elevator Pitch, December 2016.

## **Teaching**

---

#### **Teaching Assistant at LSE.**

PH104 Logic, Set Theory, Probability Theory	2016-2017
PH232 Stochasticity and Randomness in Physics and Finance	2017-2018

## **Awards**

---

- LSE PhD Studentship
- Travel awards while at LSE: Postgraduate Travel Fund, Departmental Travel Fund.
- Travel awards while at Cambridge: Rittner Niederste Hollenberg Award, Tretheway Award, and Cambridge Philosophy Faculty Travel Award.
- Andrea Mannu Prize for best performance in any undergraduate degree administered by the department of Philosophy, Logic and Scientific Method, LSE.

## **Service**

---

#### **Conference organisation.**

- Co-organiser of the fifth LSE Graduate Conference in Philosophy of Probability (June 2017).

- Reviewer for the fifth LSE-Bayreuth Conference (May 2017).
- Reviewer for the British Undergraduate Philosophy Conference (Sept 2016).
- Co-organiser of the third LSE-Bayreuth Conference (May 2015).

**Outreach.**

- Level 2 Specialist at the Philosophy Foundation (teaching philosophy in primary schools).
- Instructor for “Philosophy Through Short Stories” at Harris Academy (high school).
- Guest teacher in philosophy at the Harris Experience (high school students).
